

ALAN 48 PRO

NEW

THE TOP-OF-THE-RANGE MULTIBAND

The new **Alan 48 Pro** is the top of the range multiband, the CB line dedicated to those traveling across different European countries.. What does this mean? It means that **Alan 48 Pro** has an adjustable power – 1W/4W – to be adjusted to the frequencies and regulations of the country in which it is used.

With a power supply voltage of 12/24 V, **Alan 48 Pro** does not need reducers and it is of easy installation in the dashboard compartment, thanks to the DIN bracket (optional).

Alan 48 Pro is high tech and complete in facing all sorts of noises: it is equipped with the Digital Squelch, that eliminates the background swish and the Noise Blanker, to cancel the environmental noises.

TECHNICAL SPECIFICATIONS

- Band: Multi (see page 36)
- Output power: 1W/4W depending on the country
- **DS: Automatic Digital Squelch**
- **Noise Blanker/ANL filters**
- **Power supply voltage: 12/24V**
